

ANNUAL REPORT

Maryland Academy of Family Physicians

888-894-2606

info@mdafp.org

Mission: To support and promote Maryland family physicians in order to improve the health of our State's patients, families, and communities

Vision: Able, responsive, family physicians serving their communities

Family Medicine in MD

More patients are seen by family physicians than any other specialty. Family Physicians devote their careers to advocating for their patients' needs and taking responsibility for their long-term care, developing long-lasting relationships.

Family physicians often choose Maryland as their home, with many of the residents staying in Maryland to practice. Maryland also has the most doctors per capita.

16, 258 of jobs direct and indirect positions

\$1.3 billion in direct and indirect wages and benefits

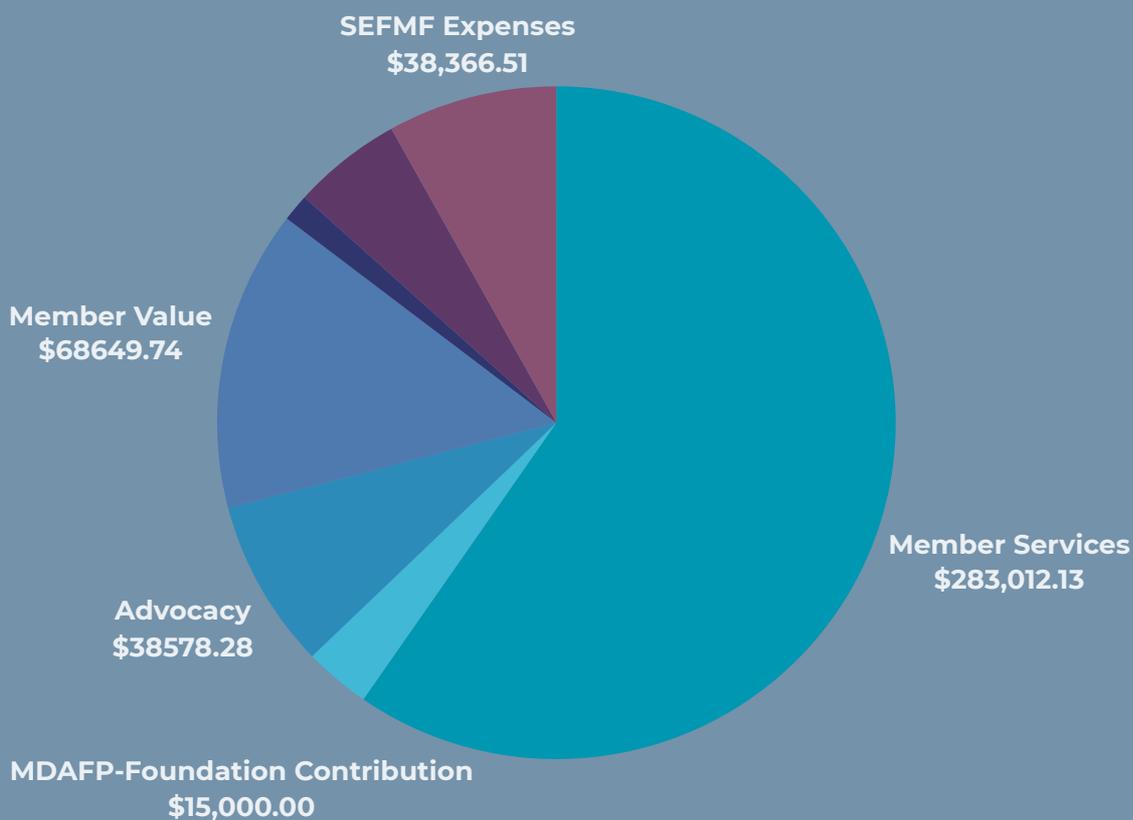

Finance Report

Total Support & Revenue

Total Expenses

Projects & Communications

- 11 Issues of the Capsule, MDAFP's monthly newsletter
- Member Exclusive App launched
 - members can engage with the academy and each other with relevant content, networking, resources, and exclusive member events.

Education & Pathways

- We offered our members a variety of educational opportunities with over 21 hours of content and over 39 CME credits available. This included in-person educational events, three ABFM KSA offerings to help our members meet the ABFM board certification requirements and more. Sessions were available in a mix of in-person and virtual formats so there was something for everyone
- Pathway to Family Medicine Workgroup
 - Networking dinner attended by 19 medical students who had the opportunity to connect with peers, MDAFP leaders, and faculty from Maryland schools and residency programs.

Advocacy

Advocacy Day

- On February 10, our members joined together for Family Medicine Advocacy Day where they took part in the legislative process virtually by gaining insight into pressing legislative issues, taking in helpful advocacy tips, learning how to convey their medical expertise, and becoming an active voice in Maryland legislature.

Key Contact Program

- MDAFP's Key Contact Program uses family physicians to serve as resources to their legislators to advocate for family medicine and patient care.
